DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-7, 10-12 and 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, and all claims dependent thereon, the phrase "composed of" is indefinite because, in contrast to "comprising," "consisting of" and "consisting essentially of," "composed of" does not have an accepted meaning in patent claims regarding the open/closed nature of the claims.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 10 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Heinrichs et al. (US 5,306,437).

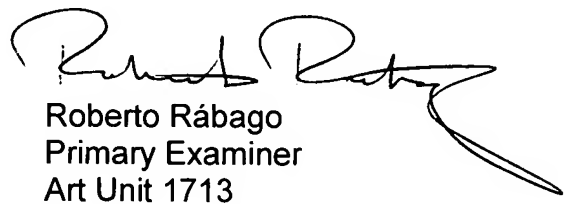

Art Unit: 1713

The reference discloses in Examples 1-3 waxes made from long chain olefins, acrylic acid and methyl acrylate. The claims are drafted as product-by-process, and within such scope would include waxes made by polymerizing a long chain olefin with acrylic acid, then esterifying a fraction of the acid groups with methanol. This process would provide a polymer with the structure described in the reference examples, wherein the side chain functionality comprises acrylic acid and the methyl ester thereof.

5. Claims 8, 9 and 14-18 are allowed over the prior art currently of record.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roberto Rábago whose telephone number is (571) 272-1109. The examiner can normally be reached on Monday - Friday from 8:00 - 4:00.
